

Subject: <Name>, Chiropractors Win! I can't believe it...

<Name>,

Las Vegas SOLD OUT!,
New dates and locations NOW available.

I've got good news!

When you register for your seat at the hypnosis seminar for chiropractors, you may bring a guest for F R E E.

I can't believe how this came about. Another Big Win for the chiropractors attending the hypnosis seminar!.

Here's what happened, one of the Las Vegas registrants asked if he could bring along his office manager.

I said, "Sure... why not!".

Then my office manager reminded me... you know.."If you offer it for one, you **have** to offer it for **everyone**."

Smart woman...gets on my nerves...but she keeps me straight! Damm, I hate it - that she's right!

I couldn't believe it .. should have seen that coming. But, the more I thought about it, the more I liked the idea. Why? Because it is important to me that you succeed.

So here's the new deal, for F R E E, if you want to bring office staff or another chiropractor to help support one another in bringing hypnosis to your practice, go right ahead.

When you **register**, you may bring a guest for **F R E E**.

Then another problem arose. By allowing those who already registered for Las Vegas to bring a staff member, suddenly my space was full in Las Vegas.

In fact, we were now overbooked and are bringing in more trainers to assist me. Some of the registrants were from the East Coast, expressed an interest in taking the Hypnosis Seminar For Chiropractors in Atlanta, getting a taste of Southern Hospitality first hand.

So, I check my calendar to see what dates I could offer.

Here are the dates for Atlanta, We are offering the seminar twice. So pick the date that works for you.

August 15 - 17th
September 12 - 14th

One exception, I know, so far it sounded too good to be true. If I am going to clear these additional weekends, with Las Vegas quickly approaching, I really need to know how many will be at the seminars in Atlanta.

So the 2 for 1 has a cut-off date. To bring a guest **F R E E**, you must **register** by **August 1, 2008**.

If you want one last quick look at everything that is offered over the weekend.
Click here <http://www.iammagic.org/chiropractors.htm>

Make sure you register right away! Our class will fill quickly!

No we will not offer another set of dates when these seminars are filled. My practice schedule just does not allow for it.

My best,

Mark Irish
